## X Marks the Spot

### CAM▶X® Elara & Spectra

Dental's Perfect Pair.

#### CAM X ELARA INTRAORAL CAMERA

CamX® Elara Intraoral camera was designed to assist in telling your patient's oral health story.

- ergonomically designed
- improve patient communication
- exceptional image quality
- Easy to use
- USB plug and play

AIRJ2100

**\$5,330.25**

**SAVE 10%**

**BONUS:**  
GET 1 FREE PACK OF 100 CAMERA COVERS, WHEN YOU BUY ANY CAMERA

#### CAM X SPECTRA CARIES DETECTION AID

CamX® Spectra is a non-invasive caries detection aid that helps eliminate the guesswork in detecting and diagnosing tooth decay through the use of fluorescence technology.

- colour scale and numeric evaluation of Caries and Plaque
- detects decays hidden between the margins of existing composite and amalgam restorations
- store and compare images over time to track the effect of your treatment

AIRJ2300

**\$5,543.46**

**SAVE 10%**

**SAVE 15%**

#### Scan X Duo

ScanX Duo Digital Radiography System delivers chairside, crystal clear images in seconds.

- true resolution up to 20LP/mm; Theoretical Resolution up to 40LP/mm
- small and efficient two track system
- wireless, wafer-thin PSPs
- a film-like workflow that enables a confident start

AIRSCANXDUO

**\$12,585.13**

**SAVE 5%**

#### Phot-XIIS

PHOT-XIIS intraoral x-ray systems produce sharp radiographic images, while minimising patient exposure to radiation.

- small 0.4 focal spot value for the sharpest image possible
- small, lightweight head facilitates easy positioning
- radiation dose readout
- 36 programmable time settings
- compatible with most digital radiographic systems

BELPHOT-X-IIS

**\$6,730.12**

All orders over \$150 are delivered FREE OF HANDLING FEE.
